

**UNIVERSITY OF OKLAHOMA PHARMACY SCHOOL
HEALTH SCIENCES CENTER**
Oklahoma City, Oklahoma

ADG designed the home for the Pharmacy School at the OU Health Sciences Center. The three-story facility contains 75,000 square feet of space —classrooms, labs, lecture halls, and offices.

The building is composed of poured-in-place concrete with a brick façade. Construction was complete in 1984. Approximate construction cost for the project is \$6.5 million.
